A PLACE TO DISCOVER

Welcome to new-age living
at the heart of Siliguri.

green ville apartments

We believe a house is not mere bricks and mortar. Neither is it a place where you just live encased in four walls.

We believe in homes. The special place that helps you discover the real you. Your life's focal point beckoning you time and again.

Our aim is to partner you in this art of homemaking.

Since our inception has been creating home and workspaces with a difference, to make good living affordable in Siliguri.
